

Dear 5th Grader and Parents,

Greetings! I hope you're having a great summer and are ready to begin 5th grade. I enjoyed meeting you last June during Step-Up Day and I'm looking forward to a great year.

We'll spend more time at the beginning of the year discussing our routines, classroom expectations and goals, and learning more about one another. I hope to quickly figure out your favorite ways to learn so you can all get the most out of all the exciting things we will study this year.

I will be your homeroom teacher and I will instruct you in Language Arts and Social Studies. Mrs. Russell will help you explore the world of Science and Mrs. Crocker will be your Math teacher. You will also participate in Unified Arts classes every day.

This will be my second year teaching 5th Grade in Weare; however, I previously taught 3rd and 4th Grade at other schools in New Hampshire. My prior students have always enjoyed the creativity and humor I bring into the classroom. They would also tell you that I have high expectations for our class and that I emphasize a safe and positive learning environment that requires respect for our rules and, most importantly, one another and the entire school community.

Enjoy the rest of your summer!

Sincerely,

Mr. Tanguay
